**Section III: General Provisions**

- 1] Except as otherwise noted, the Landowner/Operator will provide and pay for all materials, labor, subcontracts, equipment, tools, power, water and other items needed to complete the work.
- 2] Unless otherwise specified, all materials shall be new, and both workmanship and materials shall be of good quality and all work completed in a workmanlike manner in accordance with the attached Plans and Specifications.
- 3] Any contract between a Landowner/Operator and a subcontractor shall not be considered to be a contract between the subcontractor and SWCD, that is, the Landowner/Operator may not assign this contract to a subcontractor. However, the Landowner/Operator may assign his/her right to monetary payments pursuant to this contract to a subcontractor. The Landowner/Operator agrees to require any subcontractor to follow the Project Plans and Specifications and to have sufficient liability and worker’s compensation insurance for the work to be performed.
- 4] Should the Landowner/Operator wish to assign his/her right to monetary payment pursuant to this contract to a subcontractor, this assignment must be in writing and upon the approved form of SWCD. Said assignment may not be terminated, revoked, and/or otherwise modified except upon the prior written approval of SWCD.
- 5] The Landowner/Operator shall allow observation of the work by SWCD, its authorized agents, and public authorities with a bonafide interest in the successful completion of the work.
- 6] Work items which require inspection and approval, which cannot be inspected at a later date due to being buried or covered, shall be performed at a time that is approved by SWCD. Inspections may be limited to between 8:00 am and 4:30 pm, Monday through Friday, except holidays.
- 7] Any alterations, modifications, revisions or other changes to this Agreement and/or any of the Project Plans and Specifications shall be in writing and approved by the parties hereto to be enforceable.
- 8] The Landowner/Operator shall re-execute any work that fails to conform to the requirement of this Contract and/or the Project Plans and Specifications, and shall remedy any defects due to faulty materials or workmanship which appear within a period of one (1) year from the date of completion of the Contract. This provision shall not supersede any warranty on manufactured materials, equipment, or other components of a BMP which extend beyond one (1) year.

- 9] Should the Landowner/Operator fail to execute the work in accordance with the Contract, or fail to complete the work or any portion thereof in a manner or time frame as set forth herein and/or in the Project Plans and Specifications, SWCD may, upon fifteen (15) days written notice issue a stop work order and the District may hire an independent contractor to complete the project. The Landowner/Operator shall be held responsible for the cost of removal or correction of any faulty work or materials. The Landowner/Operator will not be reimbursed for any work or materials that are found to be faulty or defective. Payment may only be made for a fully completed Project.
- 10] The stop work order set forth and referred to in Section III Item 9 will not release the Landowner/Operator from his obligation to fully complete the Project. An independent contractor shall be secured to complete the installation.
- 11] Upon completion of the work, the Landowner/Operator shall furnish SWCD a completed BMP Procurement Record, as well as any and all receipts or invoices, as a basis for reimbursement.
- 12] Payment of the contracted sum shall be made to the Landowner/Operator after all inspections are approved and SWCD has received a completed BMP Procurement Record. The acceptance of the contract sum payment shall constitute a waiver by the Landowner/Operator of any further claims as and against SWCD. The intent of SWCD is to fulfill its obligations under this agreement. However, commitments cannot be made beyond the period for which funds have been approved by law and administratively made available to SWCD by New York State Department of Environmental Conservation and the Fingerlakes Lake Ontario Watershed Alliance. In the event these funds are not appropriated, the agreement will automatically terminate upon written notice to the Landowner/Operator. Remuneration will be made for work completed and eligible prior to the effective date of termination, subject to receipt of funds from New York State Department of Environmental Conservation and the Fingerlake Lake Ontario Watershed Alliance.
- 13] The Landowner/Operator shall be knowledgeable of and comply with all local, state, and federal health, safety, and other regulations that apply to this type of work. The Landowner/Operator shall also be responsible to verify and assure that any subcontractor hired by the Landowner/Operator shall also be knowledgeable of and comply with all local, state, and federal health, safety, and other regulations that apply to this type of work.
- 14] The Landowner/Operator is an independent contractor and is not an employee or agent of the County, State, or SWCD. The County, State, and SWCD will not cover the Landowner/Operator for any medical, worker's compensation, disability, or unemployment insurance, nor undertake payroll withholdings, pay social security tax, nor any personal retirement benefits. The Landowner/Operator agrees to hold the County, State, and SWCD harmless if any claim is made against the County, State, SWCD, Landowner/Operator, his heirs, assigns or estate or a subcontractor or employee or agent of the subcontractor arising out of this contract or a claim that the claimant was an employee of the County, State, or SWCD.
- 15] SWCD is responsible for payment for approved Practices to the Landowner/Operator. SWCD is not responsible to pay or otherwise reimburse any contractor or subcontractor engaged by the Landowner/Operator. SWCD shall be responsible for payment, other than to the Landowner/Operator, only should it be necessary for SWCD to hire an independent contractor as set forth in Section III Item 9, or in the case of an assignment as set forth in Section III Items 3 and 4 herein.
- 16] The Landowner/Operator agrees to operate and maintain the approved Project practices for the practice lifespan as specified in the BMP Procurement Record and as per the Operation and Maintenance Agreement. The Landowner further agrees to refund all or part of the funds received for completion of the approved Project as determined by SWCD, if, before expiration of the specified practice lifespan, any practice is (a) misused or abused, (b) destroyed, or (c) control or title to land is voluntarily relinquished and the new landowner/operator does not agree in writing to properly maintain the practice for the remainder of its specified lifespan.
- 17] SWCD reserves the right to inspect, upon reasonable notice, all Project practices installed pursuant to this agreement throughout the lifespan of each practice.
- 18] SWCD is responsible for issuing a completed 1099 Miscellaneous Income form for this project. The Landowner/Operator is responsible for contacting their financial tax advisor or other qualified professional regarding how these funds should be reported to the Internal Revenue Service on their income tax returns/statements.
- 19] Special provisions in Appendix A are incorporated herein, per funding requirements.
